## Births, Deaths Higher In 1951 Disease Totals Given

Figures for the past year show that the numbers of both births and deaths increased over those of the previous year. In 1950 there were 969 births; in 1951, 1,029. In 1950 there were 483 deaths; in 1951, 562.

The number of deaths in the first four categories also increased. The 1950-51 figures are as follows: heart, 123 and 167; cancer, 56 and 59; cerebral hemorrhage 36 and 49; pneumonia 23 and 35. The number of deaths from accidents of all kinds remained static at 21.

The diphtheria clinic administered 21 immunizations as against 12 in 1950. The dental clinic, which served 668 patients, this year, treated 431 patients last year.

The principal diseases occurred in the following numbers in 1950 and 1951:

Infantile paralysis	9	4
Chicken pox	292	119
Measles	513	38

NEW ENGLAND GOVERNORS CONFERENCE, on Walt Disney's command appearance in Boston for "Snow White and the Seven Dwarfs" Coronation Ball at the Hotel Somerset, Saturday, February 23. From left to right: Govs. Frederick Payne of Maine, Lee Emerson of Vermont, Dennis Roberts of Rhode Island, John D. Lodge of Connecticut, Sherman Adams of New Hampshire and Paul A. Dever of Massachusetts. The Snow White and Prince Charming contest is sponsored by First National Stores.

## Man Badly Injured In Maine Accident

Richard Stahl, 20, the son of Mr. and Mrs. Alois Stahl of 538 Summer Street, was involved in an auto accident on the past weekend that left the life of one person and left Stahl himself in a critical condition. As of Wednesday at press time, his condition was reported as improved but still serious.

The accident occurred as Stahl, who is stationed at Brunswick Naval Air Base, Maine, was driving home for the weekend. At the Wells-York line his car was hit head-on in the south-bound lane of the road, by a drunken driver. The other driver was killed on impact at a hospital, and Stahl was treated for a possible skull fracture.

Maine state police had been warned of the drunken driver and were on the lookout for him, but the accident occurred before he could be apprehended.

## All Six New England Governors Will Attend "Snow White" Ball

Contest Sponsored By  
First National Stores

There may be times when the six governors of New England have a divergence of political and economic opinion. But, having been invited themselves to attend the Snow White Coronation Ball at Hotel Somerset of Saturday, February 23, the chief executives concurred that Walt Disney personally, and Mrs. Disney, should attend the climatic event in the search for a new Snow White and Prince Charming, and New England's most popular school teacher.

Therefore, Governors Paul A. Dever, Massachusetts; Frederick

## Legion To Give Blood As Valentine Gift

On Thursday, February 14 members of Arlington Post No. 39, A. L. will meet at Post headquarters, from which they will be transported by special bus to Cushing General Hospital. There each member plans to donate a pint of blood as a Valentine gift to the Legion Blood Bank. Through the cooperation of Charles Neilan, state director of the Legion Blood Bank, all details in connection with this important post activity have been arranged. William McDonald, chairman of the post Blood Donor Committee, requests that any member who desires to give blood contact him right away, as names must be listed with him not later than the February 12 meeting. Sgt. Vickers, U. S. Army, recently returned on furlough from Korea, will be among the proud donors whose genius is recognized, the world over.

The search for a New England Snow White and Prince Charming and the most popular school teacher was inspired by Walt's decision to bring back for a new generation of children his classic "Snow White and the Seven Dwarfs."

Auditions are now being held daily by the Yankee Network to find the best voices in each of the six New England states. The state winners will then be auditioned by the noted music critic and composer Deems Taylor, who will make known his decisions during the one-hour television show which will originate at the Coronation Ball. At the same time, the most popular school teacher will be named and she, with the winning boy and girl, will be awarded an all-expense free trip to England.

Other prizes in the talent quest sponsored by First National Stores include 18 Admiral 21 inch TV sets.

Robert W. Sproul  
Former Arlington Scout  
Talks At First Baptist

Robert W. Sproul, assistant to the national director of scouting services, is to be guest speaker at the First Baptist Church Men's Class on Sunday, February 10th at 12:00 noon. This is the 42nd anniversary of Boy Scouts of America and all men and Scouts are invited to attend the class to hear Mr. Sproul, a capable and enthusiastic leader and a former Arlington Boy Scout.

Sunday also is the opening day in the seventh annual attendance contest sponsored by the National Federation of Men's Bible Classes. Last year the First Baptist Men's Class of Arlington won second place in its own group.

On Sunday, February 10 at the Universalist Church from 4-6 p. m. there will be a reception for Rev. and Mrs. Robert M. Rice. Mr. Rice, who has been pastor of the church for 16 years, is leaving shortly to assume ministerial duties at Oak Park, Illinois.

# STATE INCREASES WAGES OF WELFARE EMPLOYEES

## State Legislators Go To Albany For Data On Old-Age Pensions

During the past week the subcommittee of the Recess Commission, headed by House chairman Representative Henry E. Keenan, traveled to Albany to meet with the New York State Joint Legislative Committee on Problems of the Aging. The purpose of the conference was to learn what had been accomplished by the state in the past five years.

Senator Thomas C. Desmond, chairman of the New York committee, has been the driving force behind adoption of the New York program. Through education and practice activities the committee has been successful in combatting the theory that persons 60 years of age, because of their age, are no longer useful in the working world. They have proved in their five years' committee work that it is myth that employees who pass middle age automatically should be retired. On the contrary they have found that many persons who have been retired because they have reached this age can be re-employed to the great advantage of industry itself and of the physical and mental health of those re-employed. The New York body has proved to its own satisfaction that a proper program of re-employment will save the state tremendous sums of money in old age assistance and will cut down on medical assistance and institutional care of older persons. Medical science has prolonged the average life of men and women, but industry and labor have been working on the theory that employees should be retired at age 60. Doing this has thereby created additional social and economic problems for the national and state governments.

## Two Candidates Taken Off Ballot

None Withdraw

It was disclosed that lack of proper signatures on nomination papers will rule out two candidates at Arlington's annual town election March 3, thus narrowing the number of contests for major town offices from five to four.

One of those eliminated for this reason is Albert Hansen, who had filed for Board of Assessors for three years, opposing William O. Hauser, chairman of the board, who is running for reelection and will now be unopposed.

The other candidate whose nomination papers lacked sufficient signatures is John M. Stiff, candidate for school committee for three years. This leaves four aspirants for the three school board berths. They are School Committeemen Mary E. Porteus, Joseph J. Bevins and Carl F. Allen, all candidates for reelection, and Donald O. Johnston.

Hallam T. Ring, William R. Dunn and Robert E. Mahoney are after the two berths on the planning board for three years. Seeking reelection to the board of health for three years, John S. Crosby is opposed by William Splers Craig, Mark W. Bradford and John B. Fox are up for reelection as trustees of the Robbins Library for three years, with Frederick Stanley Glynn, Jr., and Eugene A. Leonard also in the field.

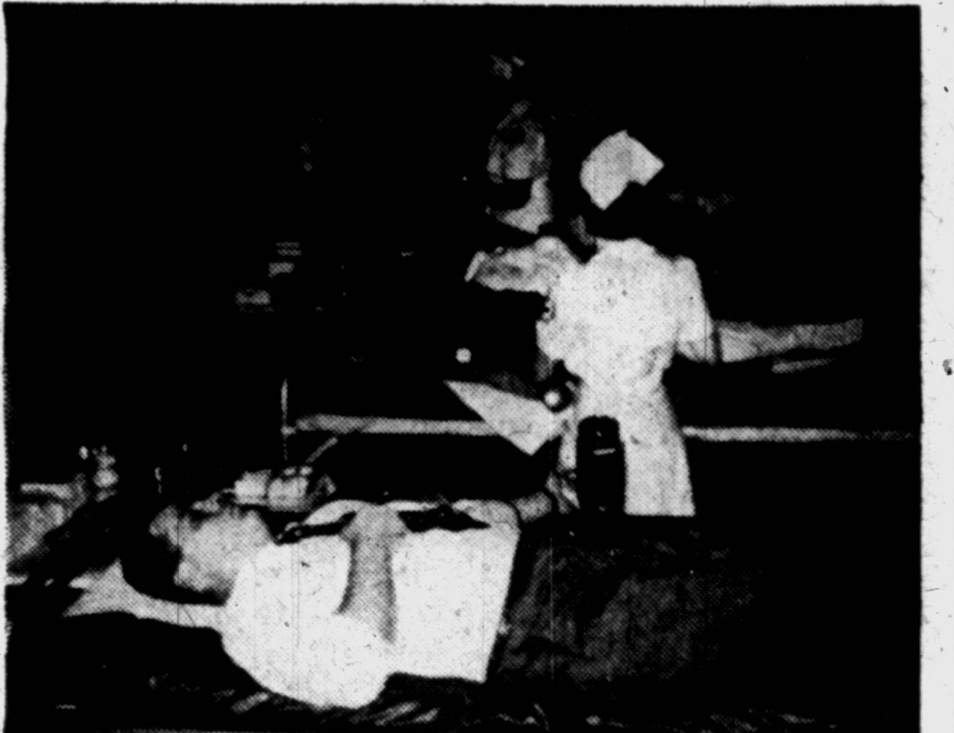

No candidates withdrew by Tuesday of this week, final date for withdrawals, according to James J. Golden, Town Clerk.

## Harms Home Rule, Declares Official

The Board of Selectmen this week wrote to Arlington senators and representatives in the State House regarding a move by the state which would boost pay of several of the employees of the local welfare office regardless of the feelings of local taxpayers in the matter. "It is just one more step in the gradual abrogation of home rule," stated a spokesman for the Town Hall. "It would violate our present pay classification plan and would give the same amount of pay to all persons in one category of the welfare department—say clerk-typist—regardless of the number of years of experience and service a person has had."

The authority for the state's action is based on chapter 537 of the Massachusetts laws of 1951, which must be accepted by all localities who wish to continue receiving state and federal welfare aid. In

A SCENE IN THE BASEMENT OF ST. JOHN'S EPISCOPAL CHURCH during a visit of the Bloodmobile to Arlington. During the day 180 persons donated blood, eight of them receiving Red Cross pins as one-gallon donors. Cots lined one side of the basement and dozens of persons lined the other side of the room awaiting their turns. The man in the foreground, who did not wish to be identified, said he is not from Arlington.

## Mrs. Ruth Woodworth Makes 32nd Blood Gift

A record to be proud of has been established by Mrs. Ruth S. Woodworth of 47 Kilsyth Road, who has now given four gallons of blood (32 pints) to the American Red Cross. This is her contribution to those who are making the great sacrifice in Korea, she says. Her goal now is five gallons!

When World War II was proclaimed an urgent call was made for blood donors, and Mrs. Woodworth was one of the first to respond. She has continued her giving ever since.

Residents of Arlington will recall the exhibitions of paintings by Mrs. Woodworth in Robbins Library. Mrs. Woodworth is also well known in musical circles, both as a soloist and as choir director.

## Local Youth Held On Burglary Charge

John W. Keatley, 18, of Henderson Street, Arlington, was arrested Tuesday night in Park Square by Boston police after he had visited a bus terminal locker in which two stiletos and \$100 in change were found.

When searched following the arrest, Keatley surrendered a loaded foreign-type automatic pistol, 60 shells and \$584 in cash.

Police said he was released from Concord reformatory October 22, and that he admitted several breaks in Arlington gasoline stations since then, one of them Gammell's Oil Co.

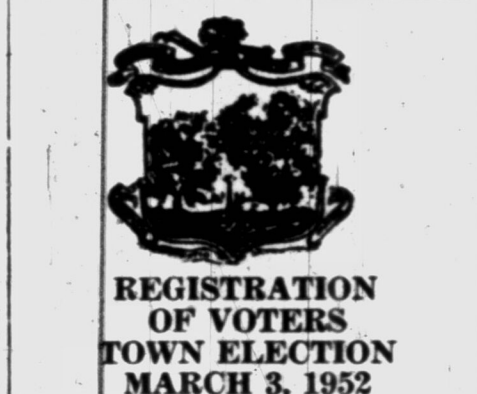

## Beverly Dimond Enters School of Nursing

Miss Beverly H. Dimond, daughter of Mr. and Mrs. Verne M. Dimond, was among eighteen students enrolled this week in the Household Nursing Association, School of Attendant Nursing, Boston.

Miss Dimond, Arlington High School, class of 1951, will study home economics and related subjects for eight weeks at the school's practice house. The remainder of the fifteen-month course will be spent in a hospital.

## CIVIL DEFENSE COURSE OFFERED BY RED CROSS

On Tuesday, February 12 at 7:30 p. m. the Red Cross will begin a course on homemaking with emphasis on civil defense measures. The course is to be held in Robbins Library, and Mrs. Hilda W. Pait, chairman of the Home Nursing Association, will instruct.

## Dial Telephones Not Due Here For Three Years, Says Company

"It is by no means certain when Arlington will have dial telephones," Manager George Hutton of the Arlington Telephone Co. business office stated this week. "We must have the Zoning Board approve the site which we are considering, but developments have not reached that stage as yet. In any case, the building would not start for a year," he declared.

Tentative plans for the proposed building, a block off Massachusetts Avenue at the corner of Pleasant and Maple Streets, are now being drawn and the building will be attractive in appearance and in keeping with the surrounding area. Estimates are that the building will cost at least \$300,000, with the complicated equipment inside the building costing approximately \$4,000,000.

The Arlington telephone exchange is the largest manual exchange in Greater Boston, having 243 operators as of the first of January. It has 47 operator positions for handling Arlington calls and 18 for taking incoming calls from Boston and elsewhere. "Some of the operators work part time," explained Miss Anne Travers, chief operator at the exchange, as she gave a News reporter a tour around the switchboard room, "and of course we operate 24 hours a day, which explains why we have so many operators."

In 1951, the exchange handled an average of 70,000 calls, every day originating in Arlington, plus 51,500 calls from outside the town.

JOHN H. PETERSON

You have probably heard the story of a wrist watch that would not run on some people because of personal magnetism or the action of the pulse. This has been proven not to be true many times. One reason is that the watch may be too old and worn to give good service. Another is that the watchmaker who repaired it doesn't have the experience or ability to repair it properly and it's a good out for him. A third reason is that many people don't give their watch proper care, especially in winding.

For thirty years we have been repairing watches, in fact, since wrist watches were first made. Why not let PETERSON'S do your next repair work.

## Jenkins - Brown Engagement

Mr. and Mrs. Albert S. Brown of Arlington announce the engagement of their daughter, Lois Virginia, to Mr. Donald Jenkins, Jr., son of Mr. and Mrs. Jenkins of Belmont.  
Miss Brown is a graduate of New England Baptist Hospital School of Nursing, and Mr. Jenkins was graduated from the Massachusetts Institute of Technology.  
He served as a lieutenant in the Army Air Corps during World War II.  
A fall wedding is planned.

## Increased Wages

(Continued from Page One)

the case of Arlington this would amount to about \$250,000.  
No article has been placed in the warrant for discussion in spring Town Meeting, and time for such filing now has passed. It is understood, however, that requirements can be met by paying such employees as come under the act the minimum salary stated in the law, the acceptance of the law by Arlington can be postponed until the next Town Meeting. Acceptance of the law is mandatory, according to the Selectmen's office.

Both salary minimums and maximums, as well as step rates, are provided for in the law. In the case of many towns and cities with large or combined welfare departments, there will be no appreciable increase in cost. For other towns like Watertown and Arlington, however, the cost increase will be noticeable. For those persons in the Arlington welfare office who would be affected, the increases would be from \$200 to \$500 each. The total cost for the first year would be about \$1800. Not all of the 18 or so employees of the department would be affected. Since state and federal aid support about one-third of the salaries involved, one-third of the increase would come from those sources and the other two-thirds from Arlington taxpayers.

The state point of view is that since the state contributes toward welfare expenses, it should have a guiding hand in their expenditure. Under another law, the state gives jurisdiction of welfare salaries to the directors of welfare, accounts, and civilian defense. The part of the civilian director stems from the fact that he would have direction of the welfare agencies in time of emergency.

What effect the letters to Senator Robert P. Campbell and Representatives Hollis M. Gott and Henry E. Keenan will have is not known.

## A CODE OF LIVING

In these days when the evidence points to a widespread weakening of the American moral fiber, with the number of major crimes climbing faster even than the increase in population, it is encouraging to note that at least one great moral force in America is stronger than ever.

The Boy Scouts of America organization celebrates its 42nd birthday during Boy Scout Week, February 6 through 12. It is an occasion when we can pause and consider its mark on the youth of the nation. Since 1910, more than nineteen million American boys and men have been influenced by this Scout Oath:

"On my honor I will do my best—

To do my duty to God and my country, and to obey the Scout Law.

To help other people at all times.

To keep myself physically strong, mentally awake, and morally straight."

For its older members, known as Explorers, the Boy Scouts of America has this dedication pledge which could well be adopted by all Americans:

"I will live the Scout Oath and Law. I will be familiar with the Declaration of Independence, the Constitution, and the Bill of Rights of the United States of America. I will respect and obey the law in order to have security and freedom.

"I will share the responsibility of my home, school, church, neighborhood, and community; and when legally of age, I will register and vote in all elections. I will deal fairly and kindly with my fellow-citizens of whatever race or creed, in the spirit of the Scout Law and America's tradition of equality of opportunity.

"I will work to preserve our American heritage of liberty and responsibility. I acknowledge that the privileges we enjoy were won by the hard work and sacrifices, faith and clear thinking of our forefathers. I will do all in my power to pass on a better America to the next generation."

Today over 2,900,000 boys and men are actively enrolled in over 80,000 different units. Scouting is indeed a great asset to the nation. May it continue to succeed in influencing the lives of countless more boys as they go "Forward . . . On Liberty's Team."

## NO REGISTER — NO VOTE!

The last chance for Arlington residents to register will come February 12—next Tuesday, from 9:00 a.m. to 10 p.m. Those who don't register can't vote. Those who don't vote are not doing their civic duty and making use of a privilege which millions of persons the world over dearly wish they had. It is our privilege to choose the persons who represent us in town offices. If we think a person is capable, honest, and sincere we have the opportunity to vote him into office; if we think another person is incapable of doing a good job and is more interested in his own monetary return than in the public good it is our duty to

keep him from office. Parties are of less importance than our getting good public officials, and public good is more important than that of any one person or group. Usually the public gets the kind of officials it deserves.

Remember, no register—no vote!

## THE NEWS Observes

The Board of Selectmen are reported to be in favor of the state welfare bill \$403, which would open welfare records to public inspection. The so-called "Secrecy Law" was passed in 1941, but it is the view of many persons that the admirable intent of the law has been and is being taken advantage of by many persons who feel it is much easier to live on the efforts of others than to find a job and work oneself.

What would I be able to do in an emergency? That is a good question for all of us to answer for ourselves. Civilian defense headquarters will help YOU answer the question. And knowledge of first aid is good not only in case of A-bombs but for home and auto accidents as well.

Police believe they know who are behind last week's breaks at the stores of Peter Pappas at Broadway and Medford Street and Town and Supply Co. at 303 Broadway. Two young men about 17 or 18 years old are involved, they believe, since one person alone would have had a difficult time opening the heavy skylight at the Pappas Store. Stores in the Broadway area have been plagued by burglars for a long time.

Both young men are delinquents and have had visits to police station on other occasions.

## Letters To The Editor

"Dear Sir,

"On Sunday, January 27, Mr. Pat Barberi of the Shell Gasoline Station, corner of Mass. Avenue and Thorndike Street, offered his assistance to the town of Arlington by keeping his station open all day and giving the proceeds he had taken in to the Police Drive. The Town of Arlington showed its appreciation by not patronizing this kind gentleman who lives in Brighton and had tired extra help and had put in an extra supply of gasoline."

"It was quite a shock to the owner of this station, who operates in our town, to find out just how much the folks here in town appreciate his kindness."

It is not the habit of The News to print or answer anonymous letters; however, this letter contains elements of interest, and we should like to reply to it. We should like to assure this friend of Mr. Barberi that now that Arlington realizes what Mr. Barberi did, it appreciates very much his good intentions and efforts. Most good deeds never come to light.

Mr. Barberi is mistaken in his interpretation of what happened, however. 1—Most of the people in Arlington did not know of the profit-for-polio plan, in spite of the fact that it was of great importance to those close to the project.

2—Not everyone, as a drive around town will indicate, uses the brand of gasoline which Mr. Barberi sells. 3—Many Arlington people do not choose to go out on Sunday, and if they do, they do not always wish to go through one particular street or area. 4—Many people may have felt that they would prefer to give in to the polio drive in another way. 5—Arlington shows its generosity all year around by giving to Poppy Drives, the Red Feather, Boys Town, Cancer Research, Polio, Salvation Army, and many other drives. Like most of the people of America, residents of Arlington are good and generous people.

The News wishes to close its brief reply by saying that Mr. Barberi's feeling was understandable but incorrect and by suggesting that he or anyone else who undertakes such a public service should be sure the public is told of it. For example, a moderate advertisement in The News might have allowed Mr. Barberi to turn over a very sizable profit to the March of Dimes.

If people know of a good cause they will usually aid it.—Editor.

# Arlington High in THE NEWS

By Lawrence William Paz

One of the most talked about events at present is the Dramatic Club play, "Meet Corliss Archer", a comedy in three acts. It is an adaptation of its counterpart on the radio. Corliss Archer is played by Ann O'Rourke, with Dexter Franklin being played by G. Hartley Noble. The part of Mr. Archer is played by Bruce Warren, and Marcia Moltman plays Mrs. Archer, replacing Alyce Borgstrom, who was recently operated on for appendicitis. Other members of the cast are Maxine Feinzig, Erich Schreiter, Jr., Pauline Keefe, Dale Howard, Pat Cox, Judy Kerivan and Ron Gerbrands. The play will be presented tomorrow night at Arlington Town Hall at 8:00.

The second big event, the All-School Dance, was to have been held February 16 under sponsorship of the A. H. S. Student Council. An insufficient number of students had pledged to attend, so it was not thought wise to continue the plans.

After three years of service at

A. H. S., youthful and well-liked Miss H. Marie Garrity relinquished her position as Girls Athletic Instructor last Friday. The Girls Athletic Assn. presented her with a brown shoulder bag and wallet. Miss Willard will replace Miss Garrity.

## Class B Track Champs — That's Arlington High!

Bill Squires did his duty by Arlington High again this week, running the mile in 4:23.8, the fastest mile ever run on a board track in New England by a high school student. Two-tenths of a second would have tied the national high school record, and three-tenths of a second would have set a new national record. Squires also ran as anchor man in the relay race which A. H. S. won. He was awarded a trophy for being the outstanding competitor in the contest. The award was donated by the N. E. Track and Field Officials Assn.

Arlington High took part in the 50-yard dash, 45-yard hurdles, 600-yard run, 1000-yard run, mile run,

shot put, and relay. It won three firsts, one second place, one third place, and two fourth places.

## Hoo's Hoo — In Sports

Alvan Pitts is a tall, lanky Sophomore with tremendous sports ability. He is a snappy first baseman and a whiz on skates. Al is ranked as one of the two best goalies in that fast-moving sport hockey, the other being D'Entremont of Stoneham. Al kept A. H. S.'s hopes to win the G. B. I. title alive by making two brilliant saves a week ago last Saturday. He also did a bang-up job last Saturday in a losing cause. Al is planning to go to Massachusetts Institute of Technology to study engineering. If he becomes as good an engineer as he is a sportsman he will be a super success.

## Arlington Defeated 3-1 In Greater Boston Game

Arlington lost its first game in the Greater Boston Interscholastic hockey playoffs, its second defeat of the season, at the hands of

Newton High. Don Thompson had a hand in every goal made by Newton. Cronin made the lone goal for A. H. S.

On Tuesday the commercial students of A. H. S. attended an assembly at which they saw Cortez Peters, a typing marvel, demonstrate his skill on a typewriter. Mr. Peters has an official typing speed of 141 five-stroke words per minute for one hour of continuous typing. He is the holder of the "World's Portable Typing Championship" and winner of the "World's Professional Accuracy Award". He has appeared on radio and television and was one of the subjects in Ripley's Believe It or Not. Mr. Peters made a demonstration of various speeds, of typing to music, and of typing with mittens on while blindfolded.

### To The Parents Of Arlington

Over 700,000 adults now serve the Boy Scouts of America as volunteer leaders.

BUT that number is not large enough!

Here in Arlington many of our Cub Packs now range upwards in numbers of from 80 to 100. There are Scout Troops now with registrations of from 40 to 50 as against the formerly-normal number of from 25 to 30.

If you know how to tie a knot, what to do if someone is hurt, or how to use tools safely, there is a place for you in a Pack or Troop. If not, a Pack or Troop is a good place to learn. There is nothing negative in Scouting. You DO things, and Scouting becomes a reality in the life of a boy only because men and women volunteer to serve as leaders.

It has been truly said: "Scouting provides well-proven means by which anyone can build a monument to his own goodwill; let him give a small share of his leadership to boys and he can watch his monument grow."

So call in person, write, or telephone any of the men whose names are given here for information on how you can help.

The Cub Scouts and Scouters of Arlington acknowledge with deep appreciation the selfless service of the Den Mothers in our Packs.

### Traffic Hearing At State House On February 12

On February 12, before the Committee On Highways and Motor Vehicles, Route 60 will be the subject of a public hearing. A special report will be given to the Committee on the results of traffic counts taken last summer and last

fall before and after the opening of the new Route 128. Representative Henry E. Keenan of Arlington has been informed by the Department of Public Works in a preliminary report that it is the intention of the Department to recommend no immediate change. However, this does not prevent those interested in the problem from attending the hearing and presenting their views for or against the report. Anyone interested in the subject may contact Representative Keenan and discuss

the problem in view of the report to be made.

### Stove Blast Is Fatal To Elderly Resident

William Lantz, retired 83-year-old handyman, was burned to death and four other persons were forced to flee last Monday night when an oil stove exploded and set fire to an apartment building at 93 Summer Street. Damage was estimated at \$4000. Firemen were summoned by William Barrett, owner of a gas station across the street, who saw smoke and flames. They were unable to enter the front door of the apartment because of a barricade of furniture and it was necessary for them to smash down a rear door to enter. Lantz was found on the floor of the bedroom of his two-room apartment. Acting Fire Chief Bert McGreevy said Lantz evidently was knocked unconscious when the stove exploded in his kitchen. Those driven out of the building were Mrs. Lucy Carlson and her daughter, Barbara, 14; Theresa Sullivan, 22; and Mrs. Aurora

Kenneally. The building is owned by Mrs. Edna Lovering, who was out at the time of the explosion. Frank Daly, 33, of 162 Summer St., an auxiliary fireman, made an unsuccessful attempt to enter the front door before firemen arrived. He was at the gas station when Barrett discovered the fire. According to police, Lantz leaves two sons, George of Quincy, and Ralph of Newton, and a daughter, Maude, of Florida.

### Service League Elects Officers And Sees Movie

With the showing of "Palmer Street," the January 25th meeting of the Arlington Social Service League received a view into good family life as portrayed by a few of the Negro citizens of Athens, Georgia. The picture was of a profession quality and indicated points of strain in family life which are of concern to such persons as those who give their services to the Social Service League. Mrs. Miller Laufman presided at the meeting, and Mrs. Lucinda Spofford poured at the tea which followed the business meeting and election of officers. Mrs. Laufman, as president of the local group, also is a member of the Boston Family Society. Officers chosen for the coming year are: president, Mrs. Laufman; vice-president, Richard Stimpson; corresponding secretary, Mrs. Walter Boone; recording secretary, Mrs. David R. Kennedy; treasurer, Mrs. M. F. Morrissey; directors, Ernest B. Moore, Mrs. M. Norcross Stratton, Mrs. John B. Curtin, Mrs. Norris H. Hoyt, Mrs. Eli Reingold. Members of the nominating committee were J. Howard Hayes, Richard Stimpson, and Bert A. Roehs.

**Thomas Swan, Bldg. Supt., Buried in Dorchester**

Thomas Swan, building superintendent of the Arlington Five Cent Savings Bank, died this week after having worked for the bank since March, 1949. At that time he replaced Omar Bennett, who retired due to illness and who also died recently.

Mr. Swan died Sunday night at his home. Funeral services were held Tuesday afternoon at the

Short and Williamson Funeral Home in Belmont, with burial in Dorchester.

Survivors are his wife, Jean and son, Thomas M., both of whom live at the family home, 50 Melendy Avenue, Watertown, and a married daughter in California.

December is a month of early darkness, poor visibility, and stormy weather. Keep your windshield clean so you can see danger ahead.

**Ralph Margeson Gets Master Key At Lions Club**

Ralph Margeson, a charter member of the Arlington Lions Club and advertising manager of The News, this week was the recipient of the Lions Club master key. It was presented to him by District Governor Thomas H. Fitzpatrick of district 33-K of the Lions organization in a ceremony at the Old Mill on Monday of this week.

The master key, consisting of a large plaque-mounted key and a smaller key to be worn on the watch chain, was given to Margeson for his work in bringing 10 or more members into the club. The total membership of the group is about 40.

Mr. Margeson was one of the founders of the club 13 years ago, the other two founders being Dr. Randolph Juthe and J. Earl McKenzie. He was the first secretary-treasurer of the organization.

Another member of the club, Odone Guaraldi, received a Lions

Thomas H. Fitzpatrick

key for adding two new members to the rolls. District Governor Fitzpatrick spoke on an organizational theme stating that the Massachusetts membership is now 6,000

and the New England membership is 15,000.

Clement R. McCormack, vice-president of a Boston investment house, spoke on "Inflation and the Dollar."

**"Had Enough?"**

Karl M. Frost, president of the Harry M. Frost Company, Boston, has been appointed to handle all advertising for the Republican State Committee in the coming political campaign. Mr. Frost created the slogan, "Had Enough?", which gained nationwide popularity in 1946.

The appointment was made this week.

**It All Came Out In The Wash!**

A week or two ago Mrs. Claire Leonard of Ernest Road reported to police that several pieces of jewelry were missing from her home — a pair of onyx cuff links valued at \$15, a lady's Elgin watch valued at about \$50, and a diamond engagement ring. No one had been at the apartment, Mrs. Leonard told Sgt. George Fitzgibbon, who went to investigate, and no one had broken in. The watch and ring had been put on a table and not used for a day, said Mrs. Leonard.

On the evening of the day police received the first call, they received another, and Mrs. Leonard declared the lost items had been found. She started to wash, she said, but could get only a little water through the hose on her washing machine. Looking into the hose, she found the missing jewelry. "The baby must have taken the things from the table and stuffed them into the hose on the washing machine," theorized Mrs. Leonard.
